DEPARTMENT OF BIOMEDICAL ENGINEERING SEMINAR SERIES

PRESENTS

Alex Alvarez
BME PhD Candidate
Experimental Ultrasound & Neural Imaging Laboratory
PI: Dr. Witte

&

Romi Castillo
BME PhD Student
Tardiff Lab
PI: Dr. Tardiff

“Equity, Justice & Anti-Racism in Biomedical Engineering”

ABSTRACT: In response to larger national discussions surrounding systemic racism, this presentation will discuss how racism has historically infected and continues to infiltrate biomedical science and engineering research. Additionally, the presentation will address the racism that trainees face in seeking higher education in academic institutions. The session will end with a discussion on actions that students and faculty might be able to take to actively work against racism in our research, in our graduate program, and at our university.
